I would like to take this opportunity to inform you of a serious situation arising. At the A.G.M. in May I will be standing down as President and Treasurer along with Jill as Secretary and five other directors, this means we need seven new committee members. At present we have no replacement for President or Secretary, one committee member is willing to take on the post of Treasurer.

Failure to form a committee would mean having to disband the Association. The Association has been in existence for 111 years and it would be a very hard but unavoidable decision to take.

I want to hear from any member willing to serve on the Committee to avoid this happening.

Please contact me in person or at the above telephone no.

With thanks,

Regards,
