The Nancy Glen Fund Campaign

On the 18th of January 2018 the Nancy Glen fishing boat of Tarbert was tragically taken by the West Coast of Scotland waters it fished. ☐ One fisherman survived, sadly the two other crew Duncan MacDougall and Przemek Krawczyk have not been found although it's thought they were on the vessel which now lies on the seabed.

The families wish to retrieve their loved ones as soon as possible, which will take great resource. In addition the fishermen have left wives and young children behind. The Clyde Fishermen want to help do all they can to assist these families at this time and in the future. We ask for support in this task. Please give generously so that these families may lay their men to rest and that their children are supported through the tough times ahead.

For many years past, we, in The Helensburgh Highland Association have had the support of

numerous Tarbert folk, attending our functions.

In a unanimous decision by the committee, which was subsequently supported by the membership, it was decided to make this years 'Good Cause' donation of £1000 to the Nancy Glen Fund.
